Yoga is a GREAT way to let go of stress and tension!! In these classes we will move in flowing postures using the breath as guide. We will stretch, strengthen, and relax as we take part in these all level classes. These classes will help increase flexibility and tone muscles in a safe and effective way. Modifications will be provided for beginners, as well as ways to challenge postures for the more advanced students. You will feel energized yet relaxed as you leave these great classes offered by Lara Wahl. At the end of each class is a restorative sequence followed by a final relaxation.

Level I: A foundation class, great beginners or those working with injuries or limitations, as it is a more gentle approach to yoga.

Level II: is a more athletic approach, which integrates more challenging poses into a flowing Vinyasa style class, sure to get your heartbeat up and burn calories.
